General disclaimer on the Synthesised text document

This document presents the synthesised text for the application of the Convention between the Government of the Republic of Azerbaijan and the Government of the Republic of Serbia for the avoidance of double taxation with respect to taxes on Income and on Capital signed on 13 May 2010 (the “Convention”), as modified by the Multilateral Convention to Implement Tax Treaty Related Measures to Prevent Base Erosion and Profit Shifting signed by the Republic of Azerbaijan (Azerbaijan) on 20 November 2023 and by the Republic of Serbia (Serbia) on 7 June 2017 (the “MLI”).

This document was prepared jointly by the competent authorities of Azerbaijan and Serbia and represents their shared understanding of the modifications made to the Convention by the MLI.

The document was prepared on the basis of the MLI position of Azerbaijan submitted to the Depositary upon ratification on 24 September 2024 and of the MLI position of Serbia submitted to the Depositary upon ratification on 5 June 2018. These MLI positions are subject to modifications as provided in the MLI. Modifications made to MLI positions could modify the effects of the MLI on this Convention.

The authentic legal texts of the Convention and the MLI take precedence and remain the legal texts applicable.

The provisions of the MLI that are applicable with respect to the provisions of the Convention are included in boxes throughout the text of this document in the context of the relevant provisions of the Convention. The boxes containing the provisions of the MLI have generally been inserted in accordance with the ordering of the provisions of the 2017 OECD Model Tax Convention.

Changes to the text of the provisions of the MLI have been made to conform the terminology used in the MLI to the terminology used in the Convention (such as “Covered Tax Agreement” and “Convention”, “Contracting Jurisdictions” and “Contracting States”), to ease the comprehension of the provisions of the MLI. The changes in terminology are intended to increase the readability of the document and are not intended to change the substance of the provisions of the MLI. Similarly, changes have been made to parts of provisions of the MLI that describe existing provisions of the Convention: descriptive language has been replaced by legal references of the existing provisions to ease the readability.

In all cases, references made to the provisions of the Convention or to the Convention must be understood as referring to the Convention as modified by the provisions of the MLI, provided such provisions of the MLI have taken effect.

[desiring to conclude a Convention for the avoidance of double taxation with respect to taxes on income and on capital,]

The following paragraph 1 and paragraph 3 of Article 6 of the MLI replace the text referring to an intent to eliminate double taxation in the preamble of this Convention:

ARTICLE 6 OF THE MLI - PURPOSE OF A COVERED TAX AGREEMENT

Desiring to further develop their economic relationship and to enhance their co-operation in tax matters,

Intending to eliminate double taxation with respect to the taxes covered by [*this Convention*] without creating opportunities for non-taxation or reduced taxation through tax evasion or avoidance (including through treaty-shopping arrangements aimed at obtaining reliefs provided in [*this Convention*] for the indirect benefit of residents of third jurisdictions),

have agreed as follows:

Article 1
PERSONS COVERED

This Convention shall apply to persons who are residents of one or both of the Contracting States.

Article 2

1. This Convention shall apply to taxes on income and on capital imposed on behalf of a Contracting State or of its political or administrative-territorial subdivisions or local authorities, irrespective of the manner in which they are levied.

3. The existing taxes to which the Convention shall apply are in particular:

(hereinafter referred to as "Serbian tax").

4. The Convention shall apply also to any identical or substantially similar taxes that are imposed after the date of signature of the Convention in addition to, or in place of, the existing taxes. The competent authorities of the Contracting States shall notify each other of any significant changes that have been made in their taxation laws.

Article 4 RESIDENT

1. For the purposes of this Convention, the term "**resident of a Contracting State**" means any person who, under the laws of that State, is liable to tax therein by reason of his domicile, residence, place of registration, place of management or any other criterion of a similar nature, and also includes that State and any political or administrative-territorial subdivision or local authority thereof. This term, however, does not include any person who is liable to tax in that State in respect only of income from sources in that State or capital situated therein.

In the absence of such an agreement, such a person shall not be entitled to claim any benefits under this Convention.

Article 5 PERMANENT ESTABLISHMENT

1. For the purposes of this Convention, the term "**permanent establishment**" means a fixed place of business through which the business of an enterprise is wholly or partly carried on.

2. The term "**permanent establishment**" includes especially:

- 1) a place of management;
- 2) a branch;

- 7) an installation, structure or vessel or any other place used for the exploration of natural resources, and
- 8) premises and warehouses used as sales outlets.

3. The term "**permanent establishment**" likewise encompasses:

[MODIFIED by paragraph 1 of Article 14 of the MLI]

[1) a building site, a construction or installation project or supervisory activities in connection therewith, but only if such site, project or activities last more than nine months;]

The following paragraph 1 of Article 14 of the MLI applies and supersedes paragraph 3 subparagraph 1) of Article 5 of this Convention:

ARTICLE 14 OF THE MLI - SPLITTING UP OF CONTRACT

For the sole purpose of determining whether the period referred to [in paragraph 3 subparagraph 1) of Article 5 of the Convention] has been exceeded:

- a) where an enterprise of a [Contracting State] carries on activities in the other [Contracting State] at a place that constitutes a building site or construction or installation project identified [in paragraph 3 subparagraph 1) of Article 5 of the Convention,] and these activities are carried on during one or more

periods of time that, in the aggregate, exceed 30 days without exceeding the period referred to [*in paragraph 3 subparagraph 1) of Article 5 of the Convention*]; and

b) where connected activities are carried on in that other [*Contracting State*] at the same building site or construction or installation project during different periods of time, each exceeding 30 days, by one or more enterprises closely related to the first-mentioned enterprise,

these different periods of time shall be added to the aggregate period of time during which the first-mentioned enterprise has carried on activities at that building site or construction or installation project.

2) the furnishing of services, including consultancy services by an enterprise through its employees or other personnel engaged by the enterprise for such purpose, but only if activities of that nature continue (for the same or a connected project) within a Contracting State for a period or periods aggregating more than six months within any twelve-month period.

4. Notwithstanding the preceding provisions of this Article, the term "**permanent establishment**" shall be deemed not to include:

1) the use of facilities solely for the purpose of storage or display or occasional delivery of goods or merchandise belonging to the enterprise and deriving no profits, provided that these facilities are not used as sales outlets in the Contracting State where these facilities are situated;

2) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display or occasional delivery deriving no profits, provided that these goods or merchandise are not sold in the Contracting State where the stock is situated;

3) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;

4) the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise or of collecting information, for the enterprise;

5) the maintenance of a fixed place of business solely for the purpose of carrying on, for the enterprise, any other activity of a preparatory or auxiliary character;

6) the maintenance of a fixed place of business solely for any combination of activities mentioned in sub-paragraphs 1) to 5), provided that the overall activity of the fixed place of business resulting from this combination is of a preparatory or auxiliary character.

The following paragraph 4 of Article 13 of the MLI applies to paragraph 4 of Article 5 of this Convention:

**ARTICLE 13 OF THE MLI - ARTIFICIAL AVOIDANCE OF PERMANENT
ESTABLISHMENT STATUS THROUGH THE SPECIFIC ACTIVITY
EXEMPTIONS**

[Paragraph 4 of Article 5 of this Convention] shall not apply to a fixed place of business that is used or maintained by an enterprise if the same enterprise or a closely related enterprise carries on business activities at the same place or at another place in the same [Contracting State] and:

- a) that place or other place constitutes a permanent establishment for the enterprise or the closely related enterprise under the provisions of [Article 5 of this Convention]; or**
- b) the overall activity resulting from the combination of the activities carried on by the two enterprises at the same place, or by the same enterprise or closely related enterprises at the two places, is not of a preparatory or auxiliary character,**

provided that the business activities carried on by the two enterprises at the same place, or by the same enterprise or closely related enterprises at the two places, constitute complementary functions that are part of a cohesive business operation.

5. Notwithstanding the provisions of paragraphs 1 and 2, where a person - other than an agent of an independent status to whom paragraph 7 applies - is acting in a Contracting State on behalf of an enterprise of the other Contracting State, that enterprise shall be deemed to have a permanent establishment in the first-mentioned Contracting State in respect of any activities which that person undertakes for the enterprise, if such a person:

- 1) has and habitually exercises in that State an authority to conclude contracts in the name of the enterprise, unless the activities of such person are limited to those mentioned in paragraph 4 which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph; or
- 2) has no such authority, but habitually maintains in the first - mentioned State a stock of goods or merchandise from which he regularly delivers goods or merchandise on behalf of the enterprise.

6. Notwithstanding the preceding provisions of this Article, an insurance enterprise of a Contracting State shall, except in regard to re-insurance, be deemed to have a permanent establishment in the other Contracting State if it collects premiums in the territory of that other State or insures risks situated therein through a person other than an agent of an independent status to whom paragraph 7 applies.

7. An enterprise shall not be deemed to have a permanent establishment in a Contracting State merely because it carries on business in that State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business. However, when the activities of such an agent are devoted wholly or almost wholly on behalf of that enterprise, and conditions are made or imposed between that

enterprise and the agent in their commercial and financial relations which differ from those which would have been made between independent enterprises, he will not be considered an agent of an independent status within the meaning of this paragraph.

8. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

The following paragraph 1 of Article 15 of the MLI applies to provisions of this Convention:

**ARTICLE 15 OF THE MLI - DEFINITION OF A PERSON CLOSELY
RELATED TO AN ENTERPRISE**

For the purposes of the provisions of [Article 5 of this Convention] a person is closely related to an enterprise if, based on all the relevant facts and circumstances, one has control of the other or both are under the control of the same persons or enterprises. In any case, a person shall be considered to be closely related to an enterprise if one possesses directly or indirectly more than 50 per cent of the beneficial interest in the other (or, in the case of a company, more than 50 per cent of the aggregate vote and value of the company's shares or of the beneficial equity interest in the company) or if another person possesses directly or indirectly more than 50 per cent of the beneficial interest (or, in the case of a company, more than 50 per cent of the aggregate vote and value of the company's shares or of the beneficial equity interest in the company) in the person and the enterprise.

**Article 6
INCOME FROM IMMOVABLE PROPERTY**

1. Income derived by a resident of a Contracting State from immovable property (including income from agriculture or forestry) situated in the other Contracting State may be taxed in that other State.

2. The term "**immovable property**" shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources; ships and aircraft shall not be regarded as immovable property.

3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting, or use in any other form of immovable property.

4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise and to income from immovable property used for the performance of independent personal services.

Article 7 BUSINESS PROFITS

1. The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment.

2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.

3. In determining the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the permanent establishment, including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere.

4. Insofar as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary; the method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.

5. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

6. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

7. Where profits include items of income which are dealt with separately in other Articles of this Convention, then the provisions of those Articles shall not be affected by the provisions of this Article.

Article 8 INTERNATIONAL TRAFFIC

1. Profits of an enterprise of a Contracting State from the operation of ships or aircraft in international traffic shall be taxable only in that State.

2. For the purposes of this Article and notwithstanding the provisions of Article 12, the term "**profits from the operation of ships or aircraft in international traffic**" shall also include profits from:

- 1) occasional rental of ships or aircraft on a bare boat basis; and
- 2) the use or rental of containers (including trailers and ancillary equipment used for transporting the containers),

where such rental or use is supplementary or incidental to the operation of ships or aircraft in international transport.

3. The provisions of paragraph 1 shall also apply to profits from the participation in a pool, a joint business or an international operating agency.

Article 9 ASSOCIATED ENTERPRISES

1. Where

- 1) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or
- 2) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Where a Contracting State includes in the profits of an enterprise of that State - and taxes accordingly - profits on which an enterprise of the other Contracting State has been charged to tax in that other State and the profits so included are profits which would have accrued to the enterprise of the first-mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other State shall make an appropriate adjustment to the amount of the tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of this Convention and the competent authorities of the Contracting States shall if necessary consult each other.

Article 10 DIVIDENDS

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.

2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that State, but if the beneficial owner of the dividends is a resident of the other Contracting State, the tax so charged shall not exceed 10 per cent of the gross amount of the dividends.

This paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

3. The term "**dividends**" as used in this Article means income from shares or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights which is subjected to the same taxation treatment as income from shares by the laws of the State of which the company making the distribution is a resident.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

5. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other State, nor subject the company's undistributed profits to a tax on the company's undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.

Article 11 **INTEREST**

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such interest may also be taxed in the Contracting State in which it arises and according to the laws of that State, but if the beneficial owner of the interest is a resident of the other Contracting State, the tax so charged shall not exceed 10 per cent of the gross amount of the interest.

3. Notwithstanding the provisions of paragraph 2, interest shall be exempted from tax in the Contracting State in which it arises if it is derived and beneficially owned by the Government of the other Contracting State, including any political or administrative-territorial subdivision or local authority thereof, the Central Bank or any financial institution wholly or principally owned by that Government.

4. The term "**interest**" as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage and whether or not carrying a right to participate in the debtor's profits, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures. Penalty charges for late payment shall not be regarded as interest for the purpose of this Article.

5. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the debt-claim in

respect of which the interest is paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

6. Interest shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment or fixed base, then such interest shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

7. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

Article 12 ROYALTIES

1. Royalties arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such royalties may also be taxed in the Contracting State in which they arise and according to the laws of that State, but if the beneficial owner of the royalties is a resident of the other Contracting State, the tax so charged shall not exceed 10 per cent of the gross amount of the royalties.

3. The term "**royalties**" as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work including cinematograph films or films or tapes used for radio or television broadcasting, computer software, any patent, trade mark, design or model, plan, secret formula or process, or for the use of, or the right to use, industrial, commercial, or scientific equipment, or for information concerning industrial, commercial or scientific experience.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

5. Royalties shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the royalties, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the liability to pay the royalties was incurred, and such royalties are borne by such permanent establishment or fixed base, then such royalties shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

6. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

Article 13

CAPITAL GAINS

1. Gains derived by a resident of a Contracting State from the alienation of immovable property referred to in Article 6 and situated in the other Contracting State may be taxed in that other State.

2. Gains from the alienation of movable property forming part of the business property of a permanent establishment which an enterprise of a Contracting State has in the other Contracting State or of movable property pertaining to a fixed base available to a resident of a Contracting State in the other Contracting State for the purpose of performing independent personal services, including such gains from the alienation of such a permanent establishment (alone or with the whole enterprise) or of such fixed base, may be taxed in that other State.

3. Gains derived by an enterprise of a Contracting State from the alienation of ships or aircraft operated in international traffic or movable property pertaining to the operation of such ships or aircraft, shall be taxable only in that State.

4. Gains derived by a resident of a Contracting State from the alienation of shares deriving more than 50 per cent of their value directly or indirectly from immovable property situated in the other Contracting State may be taxed in that other State.

5. Gains from the alienation of any property other than that referred to in paragraphs 1, 2, 3 and 4 shall be taxable only in the Contracting State of which the alienator is a resident.

Article 14

INDEPENDENT PERSONAL SERVICES

1. Income derived by a resident of a Contracting State in respect of professional services or other activities of an independent character shall be taxable only in that State, except in the following circumstances, when such income may also be taxed in the other Contracting State:

1) if he has a fixed base regularly available to him in the other Contracting State for the purpose of performing his activities; in that case, only so much of the income as is attributable to that fixed base may be taxed in that other Contracting State; or

2) if his stay in the other Contracting State is for a period or periods amounting to or exceeding in the aggregate 183 days in any twelve month period commencing or ending in

the fiscal year concerned; in that case, only so much of the income as is derived from his activities performed in that other Contracting State may be taxed in that other State.

2. The term "**professional services**" includes especially independent scientific, literary, artistic, educational or teaching activities as well as the independent activities of physicians, lawyers, engineers, architects, dentists and accountants and auditors.

Article 15

DEPENDENT PERSONAL SERVICES

1. Subject to the provisions of Articles 16, 18, 19, 20 and 21, salaries, wages and other similar remuneration derived by a resident of a Contracting State in respect of an employment shall be taxable only in that State unless the employment is exercised in the other Contracting State. If the employment is so exercised, such remuneration as is derived therefrom may be taxed in that other State.

2. Notwithstanding the provisions of paragraph 1, remuneration derived by a resident of a Contracting State in respect of an employment exercised in the other Contracting State shall be taxable only in the first-mentioned State if:

The case must be presented within three years from the first notification of the action resulting in taxation not in accordance with the provisions of the Convention.

2. The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with this Convention. Any agreement reached shall be implemented notwithstanding any time limits in the domestic law of the Contracting States.

3. The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of the Convention. They may also consult together for the elimination of double taxation in cases not provided for in the Convention.

The exchange of information is not restricted by Article 1. Such persons or authorities shall use the information only for such purposes. They may disclose the information in public court proceedings or in judicial decisions.

2. In no case shall the provisions of paragraph 1 be construed so as to impose on a Contracting State the obligation:

- 1) to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State;
- 2) to supply information which is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;
- 3) to supply information which would disclose any trade, business, industrial, commercial or professional secret or trade process, or information, the disclosure of which would be contrary to public policy (*ordre public*).

3. If information is requested by a Contracting State in accordance with this Article, the other Contracting State shall use its information gathering measures to obtain the requested information, even though that other State may not need such information for its own tax purposes. The obligation contained in the preceding sentence is subject to the limitations of paragraph 2 except where such limitations would preclude a Contracting State from supplying information solely because it has no domestic interest in such information.
